DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on March 25, 2008 has been entered.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

No prior art of record teaches or fairly suggests an apparatus and method of deployment of a biopsy marker at a biopsy surgical site through a biopsy instrument; wherein the biopsy instrument comprises a cutter lumen with proximal and distal openings, and a tubular hollow cutter having a sharp distal end slideable within the cutter lumen to sever tissue; wherein deployment of the biopsy marker at a surgical site involves retracting the tubular hollow cutter from the proximal opening after severing of a tissue sample therewith, inserting an introducer tube having a pusher rod slideable therein and a marker, the pusher rod having a proximal end seat adapted to extend from the proximal end of the introducer tube, inserting the introducer tube with the pusher rod into the cutter lumen, coupling the sharp distal end of the tubular hollow cutter to the proximal end seat of the pusher rod, and sliding the coupling forward so as to drive the marker into the surgical site through the distal opening of the cutter lumen.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
